DISTRICT BOUNDARIES  
DISTRICT CODE FOR CLIMATE INDEX

SHOWING CODE FOR COLUMN 25,  
CARD 2 OF CLIMATE STATION INDEX

Cooperator's (Coop's) Index Number (Columns 69-74, Index Card #1)

This number is assigned to the station by the agency which supplies this record to the Department.

Record Began, Record Ended, Years Missing (Columns 10-19, Index Card #2)

The index shows the calendar year in which each station first began recording and, where applicable, the year it ceased. Missing years of record are indicated so that the total years of record can be calculated.

County Code (Columns 20 and 21, Index Card #2)

The county in which each station is located is identified by a modification of the code used by the State Division of Highways. This code also includes designations of stations in adjacent states and some California stations whose county locations are not given.

DWR District (Column 25, Index Card #2)

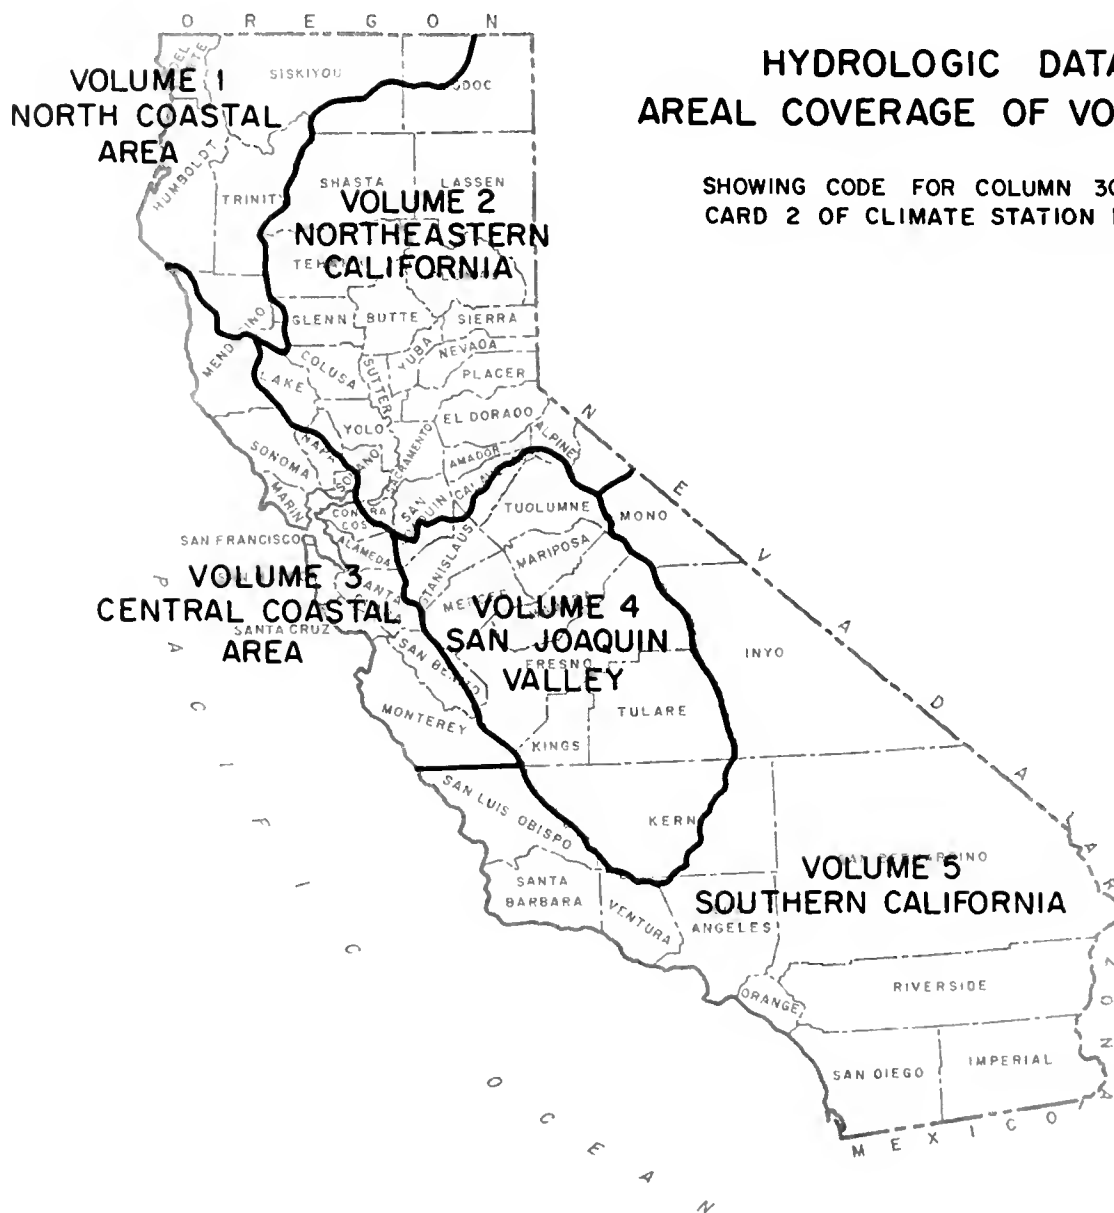

The districts of the Department of Water Resources are identified by the following code: 5, Northern District; 7, Central District; 8, San Joaquin District; and 3, Southern District. District boundaries are shown on Plate 2.

Bulletin 130 Vol. No. (Column 30, Index Card #2)

The Bulletin 130 volume is identified by a number that corresponds to the number of the volume. The areas of the State covered by each volume are shown on Plate 3.

Update Code (Column 75, Index Cards #1 and #2)

The update code is one of the more important sources of information used in revising the entries. An "A" is entered in the column when a new station number and subnumber are added; a "C" is entered for corrections and a "D" for deletions.
